Special Notice

Stolen Gear Alert

Sometime between Friday evening, November 15th and Sunday morning, November 17th, a 16-foot box truck with a flip-under liftgate was stolen from the parking lot at Morgan Sound in Lynnwood. On Monday, the 18th, the truck was located in Kent, however it had been emptied.

An inventory of the truck, with pictures and contact information can be found at:
http://www.aes.org/sections/pnw/stuff/ms_stolen/

Please do what you can to spread the word, and to make this gear unsaleable.

Dave Tosti-Lane
AES PNW 2013-2014 Section Chair

Laws For Audio Engineers

If you would like to be notified in advance of our meetings, you can send a request via: THIS LINK Please note that we no longer send anything via USPS.

Our meetings are open to anyone interested in Audio. AES membership is NOT required for you to attend our meetings.

If you have a topic that you would like to present at a Section meeting, or if you have a topic that you would like presented at a Section meeting, please contact the Section Chair or any officer or Committee member.

The Audio Engineering Society, now in its sixth decade, is the only professional society devoted exclusively to audio technology. Its membership of leading engineers, scientists and other authorities has increased dramatically throughout the world, greatly boosting the society's stature and that of its members in a truly symbiotic relationship.
