AES Audio Engineering Society - Pacific Northwest Section

Around the Puget Sound, Seattle, Washington, U.S.A.

December / January Meeting Notice

Presented by AES PNW Section

It is customary that we take the month of December off, and this year will not be the exception. We will have a planning meeting to firm up our plans for the remainder of the meeting-year.

The January meeting is tentatively set for January 28th, and will feature JJ Johnston speaking about Spatial Hearing. We don't quite have the abstract yet for his meeting. We'll update the site and send the email blast around once this happens.

Veteran Motown Engineer Bob Ohlsson will be our guest in February. He'll speak about the studio design and how that dovetailed with their production methods to deliver the product they were famous for.

Of course, if you have meeting ideas, either something to present or something you'd like presented, please get in touch with any officer or committee member.

For now, then, we wish you a bountiful, tasty, and SAFE Thanksgiving as well as the coming December holiday celebrations. We'll be back in touch when JJ's meeting notice is ready for prime time.

PNW AES Zoom Meetings

We started holding our meetings via Zoom beginning with the April 2020 meeting. Zoom has dramatically increased our reach, well beyond our Section's geographic area. Since doing this, we've had attendees from Canada, and as far away as Indonesia, and Australia. Zoom gives the ability to record our meetings, and those recordings will be posted in our past meetings [Archive](#).

[Register to Attend](#)

Register [here](#) through Eventbrite. When you register and when you enter the Zoom meeting, please use your real first and last names so we can get to know each other. You do NOT need to create an Eventbrite account to register.

The Zoom URL will be given as soon as you register. Be sure to copy it down!

Tea* Time Topics every Saturday, 3:30pm (pacific) to 6:30pm A Virtual Zoom meeting

Former Chair Dan Mortensen started the custom of people introducing themselves at our meetings. The breadth and depth of your skills and interests led to Dan wanting a more in-depth kind of presentation but without the preparation needed for a full-on meeting.

The idea behind these events is that "Audio" is a big subject with many specialties, and at our meetings we all focus together on

one subject. When we do our self-introductions as part of our meetings, it's ALWAYS fascinating to hear about the kinds of things our audience members do to manifest their love of audio.

Dan thought it would be fun to create an event where the meeting IS the audience members' descriptions of what you do, preferably with pictures/recordings/movies or whatever will help you convey to us what you're up to/interested in/want to learn more about.

Format

The TTT meetings take place each Saturday afternoon via Zoom, and will continue for the foreseeable future, if not beyond. If things open up and people start getting busy again, we'll adjust the schedule. We've been doing this for several months now, and the topics have been varied and interesting. Here is a [summary \(click here\)](#) of the topics we've explored since we began in May.

Registration to attend Tea* Time Topics

You will need to register by contacting Dan via [email](#). When you register, please give your real first and last name.

Note that these Tea* Time Topics events are in addition to our normal 10 times/year (not in July or August) Section meetings and not a replacement for them.

Footnote: *This is Dan's normal time for tea. You may have whatever refreshments you wish, but if you get unruly/belligerent you'll be bounced without apology.

Greg Dixon

AES PNW 2020-2021 Section Chair
