March 1995 Meeting Notice

"Symetrix Factory Tour"

DATE: Thursday, March 16, 1995 - 7:00 PM

PLACE: Symetrix - 14926 35th Ave West, Lynnwood WA

DIRECTIONS: From I-5 take Highway 525 past the Alderwood turnoff to Highway 99. Turn left (south) on 99 and left again at the next light (148th Street). Make the first right and go 1/2 block to the building on the right. There is plenty of parking in front. If you need further directions, call Symetrix at 787-3222.

The March meeting is a tour of the Symetrix headquarters. Come tour, schmooze and "network"! Our host is Allen Goldstein, Director of Engineering for Symetrix.

Symetrix is a designer and manufacturer of professional audio signal processing equipment. Their products are used in all areas of professional audio from musical instrument applications to home and professional studios, from live sound and P.A. to installed architectural systems such as subways, airports, factories and retail stores. Symetrix currently manufactures 18 products, all made in their factory in Lynnwood, Washington. They have been in business 17 years and expanded into a new 35,000 square foot facility just last May. They currently sell products worldwide. Exports account for approximately 30% of their sales. Their products range in technology from solid state microphone pre-amps to digital signal processing systems.

NON-MEMBERS ARE WELCOME TO ATTEND

1994-95 Officers and Committee Members

Chair
