This spring marks the seventh annual DigiPen Audio Symposium, a yearly event hosted by the DigiPen Music & Sound Design department at DigiPen's Redmond campus. The day-long event, free and open to the public, features presentations on a wide range of music- and audio-related topics. This year's presentations focus on music and sound for video games, and audio for virtual, augmented, and mixed reality.

For a closer look at the day's program and the presenters, please click on the Event Website link.
